

Amended Article of Market Operating Rules (New) of Securities Market

Chapter I General Provisions

Article 17.- Daily Price Limits

The daily price limits for equity securities ~~trading through ATM~~ shall be equal to the amount calculated by adding or subtracting 10% of the base price. The amounts of 10% of the base price shall be rounded down to the price unit before adding or subtracting from the base price. However, in cases where the base price is less than KHR 100, the daily price limits shall be KHR 10 (ten).

Notwithstanding Paragraph 1, no daily price limit shall be set for the securities scheduled to be delisted, which are permitted to be traded for a fixed period of time before delisting.

Notwithstanding Paragraph 1 and Paragraph 2, upon receiving an approval from the SECC's Director General, the CSX may apply different daily price limits to each of the following cases where:

- 1- an equity security has been approved to be relisted;
- 2- the trading of an equity security has been approved to resume after a prolonged trade suspension.
- 3- the CSX deems that the application of the price limit is obviously difficult.

~~Daily price limit shall not be applicable to NTM.~~
